

Stratford Police Department News Release

For Immediate Release: Citizen Electronic Notification System

The town of Stratford initiated a Citizen Electronic Notification System and the system has been in use since 2009. The Stratford Police Department encourages all residents to sign up for the free notification systems.

<http://www.townofstratford.com/getconnected>

The system is utilized for mass notifications in the event of major events. Upon registration, Stratford's Citizen Electronic Notification System will provide you with voice and/or email notifications regarding the safety or welfare of the community. The System will also be used for community news notifications including information about Town-sponsored events and services.

There is no cost to register for this System or to receive notifications.

As part of the registration process, you will be given the option to receive notifications, which are delivered in minutes, via home phone, cell phone, e-mail, text message, fax or any combination of the above.

Should you have any questions about Stratford's Citizen Electronic Notification System, please visit the FAQ page or contact the Town's Chief Administrative Officer at 203.381.6941 or via e-mail at chiefadministrativeoffice@townofstratford.com.

Get connected and please encourage your family, friends, co-workers and neighbors to do the same.
